Full slot: 12:15 PM – 2:00 PM Pacific | Taping: 12:30 PM – 1:30 PM Pacific (one continuous hour, no cuts)

1 Meet Emanuel

0:00 – 0:02

RJ will open the episode with an introduction and Emanuel's bio.

2 The Journey to Apologetics

0:02 – 0:10

Emanuel will be invited to share his journey toward apologetics and explain what apologetics means for listeners who may be unfamiliar with the term.

3 The State of Church Culture

0:10 – 0:12

Portia will introduce the following statistics to frame the conversation:

Declining attendance. Americans reporting attendance at religious services every week or nearly every week fell from 42% in 2000–2003 to 30% in 2021–2023. This measure includes all religions, not only Christianity.

— Gallup

Growing religious disaffiliation. Approximately 29% of U.S. adults identified as atheist, agnostic, or “nothing in particular” in the 2023–2024 study.

— Pew Research Center

More departures than conversions. Roughly six former Christians for every person who converted to Christianity in the U.S., comparing childhood religion with adult religious identity.

— Pew Research Center

4 Beyond the Numbers: In Your Opinion, What Are Some of the Root Causes?

0:12 – 0:27

Emanuel will be asked what he believes is driving these trends and what they reveal about church culture.

5 Can the Church Afford to Be Silent?

0:27 – 0:47

The central discussion question: Is the church responsible for addressing cultural and societal issues — including current events — that affect the people in its congregation?

Topics that may come up:

- Politics
- Charlie Kirk
- Lynchings in Jackson, Mississippi
- Cornell University
- Giving and financial literacy: Are we emphasizing giving without equipping people with financial literacy?
- Trauma and family issues
- Marriage, including the agenda's statistic that 66% of divorcees consider themselves Christian

6 A 60-Second Case for Christ

0:47 – 0:50

Returning to the Pew finding that 29% of U.S. adults identify as atheist, agnostic, or “nothing in particular,” Emanuel will be invited to offer a 60-second elevator pitch making a case for Christ. This is an opportunity to teach people who do not feel comfortable with evangelism how to start the conversation — the intention is literally for Emanuel to encourage viewers to start the conversation by “making it look easy.”

7 Behind the Book: Purpose, Process & What's Next

0:50 – 0:55

Emanuel will have space to share what he has going on, discuss his book, explain what it means to him, and reflect on his experience writing it.
